FORWARD THRUST by Laverne Leys

God has a blueprint for His Joint Heirs to follow. After being born again into God's Kingdom we need to learn more quickly about His more complete blueprint - of His relationship with man and of multiplying in the earth and taking dominion, etc. In the natural realm of living, man explores and pursues increased knowledge and the application of it - at 'an ever increasing' rate. And at a rate that far supersedes the rate that man (except for willing pioneers) explores and pursues God's progressive ways and the inner workings of His Kingdom on earth.

*Let us really understand and know in experience, that after being Born Again and having entered the Kingdom of God, a vital part of the redemption price is **full communication** - with no barriers. A **fellowship and communication level that, in fact**, has crossed the barrier erected at the fall and has moved into the realm of communion that was included in the redemption package paid for by Christ Jesus.*

God has an ideal situation for His relationship with man, and for man's role, in causing God's "WILL ON EARTH AS IT IS IN HEAVEN" to be manifest !!

The Kingdom of God on earth suffers violence, in different aspects, including our faulty communication with each other and with God. In this area of 2-way communication flow, I believe that God is waiting and waiting, for us to have 'a major breakthrough'. **THE REDEMPTION PRICE INCLUDES PAYMENT FOR awesome COMMUNICATION FLOW, so what are we waiting for?** One goal must be - no more wrong attitudes or motives), only Jesus' attitude and heart motive). JESUS' IMPERATIVE IS FOR US TO LOVE EACH OTHER AS HE LOVES EACH ONE OF US. (John 17 & I John) There obviously was a special flow of communication before The Fall, and there is even more access now, with the indwelling Holy Spirit and all His empowerment.

Our Lord Jesus has equipped us for the discovery and the experiencing of FULL BLOWN communication flow - between God and mankind - and between each other. GLORY TO GOD. *It pleases His heart and He expects us to have it.*

In my opinion, it is also the quickest way for:

- *God's dreams of glorious fulfillment with man (His special creation)*
- *Then, glorious fulfillment with each other, by Holy Spirit empowerment within.*
(John 7:38) "Out of your innermost being shall flow rivers of living water"

This is "complete circle" fellowship between God and us", accomplished by the empowerment of the Holy Spirit within each of us. Then beyond that, we find a continually expanding depth of relationship that seems more than can be dreamed of.

There are a multitude of things waiting in the wings, ready to explode into reality - waiting for a bunch of us to be passionate about and allow God to do His "full work" through us – including the necessity of more effective communication of the Spirit. THE PRICE HAS BEEN PAID FOR AWESOME HEART TO HEART COMMUNION. What a depth of fellowship and interaction!

Jesus' measure of fellowship and interaction IS NOT BASED ON what others think of us or say about us. So why do we keep allowing our painful experiences with people to be a major hindrance to glorious fulfillment with God and man, and man to man?

Jesus' redemption covers all our misunderstandings in communication, as well as any other deception, so why are we still in the "dark ages" in this area? He has the wisdom insight for us - to dissolve all communication glitches. So why are we still having unsolved differences? Why don't we listen to what He has to say about both sides and stop the selfish 'poor me - I'm not being treated right syndrome'? When we hang on to all this crazy stuff what a heartache it must be to Him.

Galatians says that it doesn't work to measure the other person by the law and to use grace as an excuse for me to not deal with my stuff. There isn't a good enough reason for us to not live up to God's expectations of us. One of those expectations is to LOVE AS HE LOVES - not protecting 'self' at all costs - not blaming the other person and excusing self. Adam and Eve were not allowed to use blame for self-protection.

Jesus' heart motive is available for us! All the time!

Oh my, how I long to do whatever it takes to experience every facet of my relationship with my Lord Jesus and His Kingdom. "The Kingdom of God is within you. – I long to live out the same depth of relationship with those around me "my kingdom, my world".

- ***In other words, "Your will be done on earth as it is in heaven" – applied to the quality of our relationships – A GLORIOUS FULFILLMENT WITH JESUS AND WITH ONE ANOTHER.***

I am discovering, by a specific focus on sharpening the hearing of my spirit, a deeper level of a victorious and vibrant experience of living than I ever dreamed possible. Now I have deeper, more meaningful relationships. Together we are becoming much more productive - pulsating as one - with potential and gifts more connected. Should there be a priority and a sense of urgency with regards to this principle? Yes! Why? - simply because God commands it. Furthermore, it is a principle that works for or against us, depending on our process of obedience or disobedience, "Personally applied."

If I check myself out carefully discern ourselves how Jesus discerns us then observe when and where how we have touched people with self focused motives – wrong heart motives would be cleaned up, and would not be facing us on that great day.

Having the privilege to be born again and enter His Kingdom, and then to have the opportunity to become a mature joint-heir with Christ Jesus is so amazing. Then to think of being designed and equipped with all the dynamics of the Holy Spirit - with which to come into the fullness of Christ's stature, and be a manifestation of His essence and power, (at each stage of learning) – what a wonder!

When we live by God's grace, and His commands and principles (from the flowing of His Divine Grace within us) (in self application), following the law will wonderfully fall into place. AND THERE IS HEAVEN ON EARTH FELLOWSHIP FOR THOSE WHO MUTUALLY LIVE in God's measure of covenant bond by the Law of the Spirit (not the letter of the law which we too often apply to another, but not to oneself).

I feel that a lot of us have enough understanding of God's progression with man
- the specifics of what He is trying to work into the 'depths of our hearts'
- the stirring up of His anointing (which abides within)
- the partaking and imparting of the power of His Manifest Presence

- to pursue with a passion the working out of it, individually and collectively

A suggestion is to take a specific step at a time, until all glitches are removed in that specific - until there is a pulsating flow of it all through all the applicable relationships.

Work with those who see this inspiration and accept involvement in a joint effort.

There is AN IDEAL FLOW, for the PULSATING OF GOD'S HEART through Body Flow and Body Ministry – in a wonderful connected way. God will have to bypass those who aren't willing for His enlargements. But His Word says that even the rocks would cry out. So, are we willing to cross dimly lit pathways to move into the next stage of His light and glory (from glory to glory).

[After the Holy Spirit dramatically entered God's Kingdom on earth - the epistles mainly talk about Christ Jesus as in connection with, and flowing through His Body.]

God wants more 'long term' results.

We must be aware of how we hinder ourselves from fully living in the two realms that God has given man the ability and anointing to fully live in - while in His Kingdom on earth.

When insight and illumination of the Spirit increases as it does in a significant Move of God, at some point it meets mighty resistance. This resistance even comes from spiritual leaders who have pioneered other Moves of God. A few hardy pioneers are always willing to pay the price against all odds in order to bring illumination to the forefront. Part of what these spiritual revolutions bring are restored truths and accompanying manifestations of the Holy Spirit. These Restoration movements always came after long periods of God's people walking more and more at a distance from Him until it came to a time when the people - a nation - was at a critical point - and God had to allow the shake up that led mankind to come to repentance and change (2 Chronicles 7:14).

*As repentance and humbling progresses - a reviving is ignited and spreads across a community then expands and expands. As it spreads the fresh insight becomes such a stirring - it becomes a mighty Move of God ignites to become a **MAJOR MOVE OF GOD**, bursting forth like a 'flame of fire'. It goes from reviving to restoration. Accompanying every Restoration movement were powerful manifestations of God's Presence, including encounters with God and varied signs and miracles.*

Too often in the past the miraculous and dramatic outpourings of God's manifest Presence, and empowerment at some point met major resistance, with rejection becoming intense and spoken out strongly by the news media, and even among some of the people who originally accepted the Move of God. This type of thing had a detrimental effect on the flow of God's power and manifestations of His Spirit. As well, the truth of God's Word that was restored at that time was hindered in its impact.

In those situations when the whole Move of God was set back I believe that God's heartache over it all was extremely painful.

An encouraging 'ray of hope' after setbacks to a Major Move of God was that there were 'pockets of people' here and there from those times who kept God's emphasis alive until the next stirring Move of God came along and made another advance. But - oh the casualties in the process!

Are we going to allow that to happen this time? No! I believe there are enough people who have gone around and around the same mountain – having learned the hard way, more of the aspects of how God operates with and through His people – and with a determination to follow more closely, all the way.

When spiritual insight increases, like in a Major Move of God, too often in our minds, we restrict the manifestations of God's presence and power, to a blessing or isolated experiences, rather than fitting the major aspects into an ever enlarging blueprint – that God tries to move His special creation and masterpiece into. When we follow what God is trying to move His people into in each stage of Reformation, we can more easily add the next stage of enlargement to our sequence of life.

In every Move of God - one must experience the reviving, the renovation, the renewal, the revolution and restoration of God's fresh encounters. As we walk it out we discover a way of life that goes beyond our previous life experience. Each time we discover there is something added to the vital, powerful, dynamic life-giving flow we already know.

One thing that needs to be understood is that the 'strong encounters of God's manifest presence and power' that are a part of every Restoration Movement, are not just blessings or isolated and passing experiences. They are also encounters where supernatural results of the Holy Spirit are manifest through us in a greater way. (Ex. - Paul on the road to Damascus)

There is more to this major Reformation than we understand, until we use our 'magnifying glasses of the Spirit'. Each major Move of God restores something, and adds to the ever enlarging blueprint that God is trying to move His special masterpiece (mankind) into - before Christ Jesus grand appearing.

We should not diminish what God is about at this point in history, with our thoughts or the words we pass on to someone else. We could be bringing dishonor. We could be doing very great dishonor to our Lord Jesus and His progressive plan with man. We had best not set aside what God is doing, by misjudging and not taking the time to observe the "added treasures" of God's Kingdom that He is bringing to us at this time. AS WE PRESS IN with the ONGOING HIGH CALLINGS OF CHRIST JESUS, we will UNDERSTAND MORE and more as we go along!

ESTABLISH THE SUBJECT -- KEEP INPUT ON SUBJECT

All that can be shaken will be shaken.

Heb. 12:26-27the removal of those thingsthat the things ..shaken ..may remain.

1 Peter 2: 6-8

Matt 15:13-14plant .. Father ... not planted.

"Offenses reveal the weaknesses and breaking points in our lives. Often the point where we think we are strong is our place of hidden weaknesses. It often remains hidden until a powerful storm blows away the cover!"

Phil.3:3 ..For we are who worship God in the Spirit, rejoice in Christ Jesus, and have no confidence in the flesh.

*James 1:5,8 "... ask for wisdom when ask ...believe ... **not doubting.....**" (hindrance)*

CHALLENGE

Our challenge is to launch out with faith and vision and like Abraham be willing to lay aside the known - to lay aside the known, paving the way to lay hold of that which is unknown to the natural.

"Historically, there have been few brave souls, willing to embrace the change and the challenge of launching out into the unknown."

Fear and anxiety of moving beyond the familiar has been one of the great hindrances to spiritual progress and revival in the church. It is a main reason why each Move of God is attacked and undermined by those involved in previous Major Revivals. Too often, just a remnant is willing to "leave the known place" to find God in a place beyond what they've known before. (Ex. - Israel after leaving Egypt, longing for the yoke of slavery, rather than walking with God in the wilderness in an unpredictable journey.)

We are again in an era of a 'changing of the guard' - a point of a significant change in history which eventually affects everyone at the point of daily living. A significant change combination of revolution, renovation and restoration and it seems we all must face the change or somehow become lost in the shuffle. This stage is taking place in both the world system and in the Kingdom of God. It is time to take a closer look at what is happening, and what personal and collective change is necessary.

God uses us and blesses us as much as He can fit into our choices that we make and walk in, both individually & collectively. In spite of our many wrong choices, however, He keeps trying to move us into a higher, deeper way. (Eph. 3:16-21) Let us cast aside the security of the familiar, and keep following “the cloud of God” that is constantly moving toward His ultimate purposes for our lives. We can be led by our anxieties, and bondage to what we know, or we can keep moving ever forward with God into His greater intentions.

“Why do we run from difficulties instead of facing them head on and working through them with God and man -----”

Gideon’s army - those with an eye of watchmen - God’s overcomers.

Joshua - Truth or greater truth -- giants are not too big.

Joshua 1:6,7,8,9; 2:9,11,24 - twelve men-spies-sent out; 3:5,7,17 & 5:1,13,15

Christ is the image of God. Christ empowers us from His empowerment within us. To walk in anything less misses the mark. We must become conformed to His image more quickly. He expects it.

We won’t be fully fulfilled until we fulfill all His personal expectations of us... Another person cannot fulfill what God expects of me in personal relationship with Him. I am called to the top of His mountain!

Col. 1:15 “Who is the image of the invisible God?”

Heb. 1:3 “ the brightness of His Glory.”

Other scriptures:

Heb. 4:12

Acts 17:28

Matt. 7:12 (As in all the Law and the Prophets)

We must see Him! We must see Him in the mirror!

INSPIRATIONS: Moving forward together

FOCUSES (After being born again)

- 1) Input in people’s lives that draw out what they can experience and be fulfilled with.
- 2) Seeing the UNSEEN and manifesting it into the seen realm.
- 3) 1990’s. Another era of spiritual, economic and social change which comes by some sort of revolution in these areas.
- 4) Era of change - including the current social revolution (R. Limbaugh) (R. Joyner)
- 5) RelationshipsGod/ man / woman ...in fellowship of the Spirit (in which dynamic there is neither male nor female – speaking from the spirit – giving honor even where difficult) (The third time Jesus spoke to Peter concerning love, “do you love me?” the Greek word was Agape – God’s kind of love – love of the Spirit).
- 6) Understanding birthing from within us - bringing the seeming “impossible” into the realm of the “possible”. (having more impact together)
- 7) Fusing the supernatural into the natural, and vice versa - the intended kind of blend where everyone wins! - and where there is *Exploding Enlightenment* .. like when turning on a light bulb.
- 8) Along with facing challenges, discovering how to put aside all, for at least a small portion of each day to have your perpetual party with Jesus (supernatural fellowship, joy, etc.)
- 9) Going from false “alternate” connections to the “real” connections – the team linked and fused by the Holy Spirit and His manifest Presence (Kindred Spirit).
- 10) Implementing “as He is so are we, etc.”

- 11) Setting captives free
- 12) Fringe benefits

Acts 17:28

Matt. 7:12 “So in all, do unto others as you would have them do unto you, for this sums up the Law and the prophets.” Projecting “a voice” with a purpose and goals to reach. Pressing toward the mark. (Phil. 3:14)

Dividing of the soul and spirit – so that – “not only live by the spirit – also walk by the spirit – “dividing asunder of soul and spirit. (Heb. 4:12)

Touch each one’s identity - what they think and feel, out their real heart motives. See each other and self as special – the great potential – uniqueness – connecting - together discover the fulfilling experience of ‘only love spilling out when “bucket bumped”’.

Input of others’ gifts and motivations, with each one participating in the overall goals with their “Life Flow” and their individual fulfillment of motivation and gifting.

Fit in individual gifting. Use an interest of each one. Develop personal motivation. “That which every joint supplies.”

Find the hidden treasure of each one – bring it into greater life experience for each one – how each treasure is precious to each “me”.

Therefore bringing into “birthing” untapped or undeveloped treasure and gifts
Bringing forth the unrevealed into being revealed and productive
Exploding more of the “atom (deposit)” of God’s treasure from within

Ponder (examples)

- Past experiences that could bring me into the “now” with great victory
- Worst experience, when I said, “Why me?”
- The best experience now
- “Cutting edge faith” leading to progress toward goals (faith bringing “substance” and “advancing experience”) (faith working by love) (faith and grace working together)

Ideas

1) Lack of fulfillment and resulting frustration. The need for fulfillment in relationships first, then fulfillment in function, occupation, ministry or call will develop properly. first, then fulfillment in function, occupation, ministry or call will develop properly. Fulfillment’s that work best when we allow the Holy Spirit to touch our spirit in that respect, then allow it all to work out through the heart (where the spirit and soul mix?) and then to the intellect - ?. “Out of the heart flow all the issues of life”.

2) Goals to flow in communication and fellowship without any glitches, having fellowship with one another from where “Jesus lives and moves and has His being” (at the core where He pulsates in our hearts) – as we move beyond the present, in relationships, function, social change, etc.

3) Are we living in a smaller realm of God’s Kingdom than He expects of us?

Describe:

- The emotion of being in God’s manifest presence
- The working out of His love in relationships
- The breathtaking emotion of the discovery of fresh insight.

Balancing truths that must work together - balance scale.....two sides of the coin

Before Laverne made the transition to the spiritual dimension in 2008 she was a vital part of the "Way, Truth, Life" team regularly meeting with Dr. Hanby and his ministry sons at the ranch. She desired to "discover a way of life that goes beyond our previous life experience ... adding to the vital, powerful, dynamic life-giving flow we already know." Laverne's beauty and grace lives on in her writings—transcending beyond time and space to forever remain a blessing to us.

Her daughter Marilyn sent this article on what would have been Laverne's 80th birthday. To contact Marilyn via email: marilynhaspany@yahoo.com

Roger and Karen Roth are the set ministry of a local church in Northeastern Wisconsin. They are a ministry son of Dr. Hanby, and along with writing the Bloodline articles each month, they are directors of a portion of Dr. Hanby's ministry called THE FATHER'S HEART.
